

The right way to find us

If you enter "Ambureni Coffee Lodge" on Google Maps, the navigation will take you in the wrong direction. The approach is quite simple. Unfortunately, Google doesn't know that.

This is the description of how to get directly to us.

1. A large blue frame shows you from a distance where to turn left from the highway.
2. Drive into the small street, straight ahead, through the little village.
3. Attention! Don't drive on the left street. It goes up the mountain a bit.
4. Drive until the wooden gate on the left side.
5. Our gate keeper will open the gate for you.
6. Drive all the way up on the hill until the parking space.

Our team will welcome you here.
